

THE TURAMA PACIFIC - NIUE DAY TOUR -

TURAMA
PACIFIC TRAVEL GROUP

Niue, formerly used the tag line of the Rock of Polynesia and this is an apt description of this fascinating upraised coral atoll located in the centre of the Polynesian Triangle. Until now, Niue has been accessible only from New Zealand with services twice a week for most of the year. We can now offer a convenient way to see Niue whilst in the Pacific, without having to fly to New Zealand and overnighing to connect to Niue.

Niue is just over 1,000 km from Rarotonga and flying time is around 2 hours each way with our Cessna Citation Private Jet. Our special Private Jet charter can take up to 7 people on this trip and we would stay on Niue for 6 hours.

Should this not be enough time, we can organise a 1 night, 2 day trip, or longer, with overnight accommodation and then there is time for more touring and viewing of this unique part of Polynesia.

The island's isolation and coral origins create an exciting coastline, there are no rivers or lakes which ensures crystal clear water year round. The whole island is dotted with a myriad of caves, sheltered rocky coves and secret beaches, some of which have yet to be explored. The Huvalu Rainforest is home to some amazing indigenous trees and has been designated as a Conservation Area to protect and conserve the island's primary rainforest and natural fauna and flora.

The waters on Niue are renowned for the clarity and underwater visibility, which can be as much as 80 metres and rarely falls below 30 metres.

The population of around 1400 people are scattered throughout the 14 neat and colourful villages. Niueans speak both Niuean and English, and enjoy an independent lifestyle. The locals are very respectful, genuinely friendly and hospitable to visitors and have accepted tourism as an important component to their economic development and well being. They are well educated and enjoy life.

In 1774, the English navigator Captain James Cook sighted Niue but was refused landing by the locals on three different attempts. He then named Niue 'Savage Island'. Missionaries from the LMS (London Missionary Society) established Christianity in 1846. Niue chiefs gained British Protectorate status in 1900, and in 1901 Niue was annexed to New Zealand. In 1974 Niue gained self-government in free association with New Zealand and government to this day has followed a Westminster-style rule with a 20 member assembly. The Premier is selected by the House and the Premier then selects 3 other members for Cabinet posts.

Spinner Dolphins

Reef Pools

Rugged Coastline

Whilst on Niue we will customise your trip to include your requirements or wishes. As standard, we offer an Explore Niue Tour covering the main points of interest Niue's history, culture and traditions. A lunch is provided with non-alcoholic refreshments. Things we can incorporate into this private tour are snorkelling, chasm walks, caving, dolphin watch, whale watching in July to October and walks to places like the Togo Chasm or into the Huvalu Forest Conservation Area. We can also arrange a visit to the gallery of Mark Cross – an amazing artist www.markcross.nu

We can also quote over-nights stays or longer on Niue – our jet service can drop you off there and you can then return to New Zealand with the twice weekly Air New Zealand service. Accommodation is varied and we recommend the Scenic Matavai Resort which is cliff-top overlooking the bay which is home to pods of spinner dolphins and then if in whaling season (Jun – Oct, you are likely to see Humpback whales).

Pricing

Niue Day Tour
